Dan, if you need any data from SCRIBE and want me to pull it for you, give me a ring and I can take a look for it.

I'll be working today and most of tomorrow (except 1:30-3 pm).

Hi Mindi

It was nice to speak to you. Here is the link to the BERA (<http://www2.epa.gov/region8/upper-animas-mining-district-draft-baseline-ecological-risk-assessment>). If there is other info you may want let me know.

BTW Maggie I was told the SCRIBE (historic data) is working but not for people on VPN right now.

Hi Mindi and Dan -

The data we talked about are attached. Mindi, I might not be able to answer any questions about it, but either Dan or our database guy probably could depending on the nature of the question.

Here are office numbers (Mindi, Dan is currently in Durango).

Mindi: 303-291-7124

Dan: 303-312-6560

You've got each other's emails from this email.

Thanks for the call!
